RE: Mendocino City Community Services District Seeking Applicants

Dear Community Members,

The Mendocino City Community Services District is seeking applicants for its Blue Ribbon Public Input Committee to review the District Groundwater Management Program. Whatever your thoughts regarding Groundwater Management, here is another opportunity to be involved and make a recommendation to the MCCSD Board.

To be considered as an applicant, you need to be either a resident within the District, a registered voter within the District, a business owner within the District, or an owner of property within the District. If you meet one or more of these four criteria, submit a letter of interest to the District.

You can mail letters to:

MCCSD

P.O. Box 1029

Mendocino, CA 95460

or by e-mail at: mccsd@mcn.org

Applications will be accepted from now until the June 29, 2020, Board of Directors Meeting at 5:00 pm. MCCSD welcomes your interest and ideas and we encourage you to apply.

Respectfully,

Ryan Rhoades,
Superintendent, MCCSD
